Original Case Incident Report [REDACTED]

Attachment: In Summary:

On above date and time, Offenders #1 and 2 knocked at Victim's front door. Offender #1 told Victim that he was a police officer, and that he was investigating counterfeit money. Offender #1 told Victim that he needed to withdraw \$12,000 from his account and give it to Offender #1 for investigation. Offender #2 left, stating that she was going to the police station. Victim and Offender #1 got into Victim's car and drove to Second Federal Bank, 3960 W. 26th St. Victim went into bank and Offender #1 stayed in the car. Victim was approached by Witness #1 (security guard) and Witness #2 (vice president) while in the bank. Witnesses knew that Victim had been the victim of a similar confidence game on 02 Dec 11, and would not let Victim withdraw money. Per bank security camera footage, Offender #1 exited Victim's car shortly after Victim entered the bank. Offender #1 then crossed Pulaski and entered a newer dark colored car parked at 2542 S. Offender #2 then exited the car and entered the bank. Offender #2 stood in the teller line and exited the bank approximately 5 minutes after she entered. Offender #2 then returned to the car, and both Offenders drove away S/B on Pulaski. E/T requested to fingerprint Victim's vehicle and retrieve bank security footage.
